2. Tracking Label Assessment - CPSIA

As per consumer product safety improvement act (CPSIA) 2008 Section 103 tracking labels for children products

Tracking label found on the package:

Description/Observation	Assessment
Tracking label is not practicable on Package when:	
In the absence of substantive packaging.	No
The product tracking label is legible through the packaging without being opened.	No
The product tracking label is easily accessible while on the shelf or rack.	No
Tracking label on the package:	
Name of the manufacturer or the name of the private labeler.	Yes
Manufacturer or private labeler location, including the name of the country, and the name or other means of coding of city and state.	Yes
Date of production of the product, in a form of MMY or any other coding system.	Yes
Cohort information(including the batch, run number, or other identifying characteristic.)	Yes
Is the label permanent after below permanency testing?	Yes

Tracking label found on the product:

Description/Observation	Assessment
Tracking label is not practicable on Product when:	
Product is too small to be marked.	No
Product that clearly intends to use its package as reusable storage.	No
Product is sold through a bulk vending machine.	No
Physically marking weakens/damages the product or impairs its utility.	No
Product surface is impossible to permanently mark permanently	No
Product aesthetics would be ruined by a mark, and a mark cannot be placed in an accessible but inconspicuous location	No
Tracking label on the product:	
Name of the manufacturer or the name of the private labeler.	Yes
Manufacturer or private labeler location, including the name of the country, and the name or other means of coding of city and state.	Yes
Date of production of the product, in a form of MMY or any other coding system.	Yes
Cohort information(including the batch, run number, or other identifying characteristic.)	Yes
Is the label permanent after below permanency testing?	Yes

Remark: The tracking label assessment was based on the submitted sample and the information provided by the applicant. There was no verification on the validity of such information.
